Make it a habit to do nice things for people who'll never find out.

The benefits of Youth Justice Committees –

FOR THE YOUTH: it is an alternative to formal court process and the opportunity to avoid a criminal record. They can learn the consequences of their behavior and make amends for their offence with minimal disruption to their lives.

FOR THE VICTIMS: The rights and needs of victims are recognized by asking for their input.

For the Parents: They are involved in a plan that could help resolve conflicts between their child and the community. They can also receive support, information and referrals.

For the Justice System: Dealing with crime on the community level leads to less congestion in the courts. Extrajudicial Sanctions is a more expedient, cost-effective and personal way to deal with minor cases.

For the Community: It helps create positive and personal connections between the youth and their community.

Statistics and more information to follow in next weeks issue. For now let us bring your attention to the following:

The Airdrie, Crossfield & District sponsors, "Steve Walton" and his Seminar on "Street Drug Awareness", on April 5th. Steve will come and give his presentation to the public at Bert Church Theatre from 7–9pm, as well as giving a talk to all the Grade 7 classes in all the Airdrie and Crossfield schools. His expertise in street drugs and his knowledge of what we have on our streets will alarm you. We strongly encourage all parents, school councilors and general public to attend.

For more information regarding the Airdrie, Crossfield & District Youth Justice Committee please call 948-7110 and leave a message or visit www.justice4youth.com.

I walked into a MacDonaldis with a buy-one-get-one-free coupon for a sandwich. I handed it to the girl and she looked over at a little chalkboard that said "buy one-get one free". "They're already buy-one-get-one-free", she said, "so I guess they're both free". She handed me my free sandwiches and I walked out the door.
