The trouble with doing something right the first time is that nobody appreciates how difficult it was!

A couple of young boys were fishing at their special pond off the beaten track when out of the bushes jumped the Game Warden. Immediately, one of the boys threw his rod down and started running through the woods and hot on his heels came the Game Warden.

After about a half mile the boy stopped and stooped over with his hands on his thighs to catch his breath and the Game Warden finally caught up to him. "Lets see your fishing license!" the Warden gasped.

With that, the young man pulled out his wallet and gave the Game Warden a valid fishing license.

"Well, son," said the Game Warden, "you must be about as dumb as a box of rocks! You don't have to run from me if you have a valid license!"

Yes, sir," replied the young man, "but my friend back there, well, he don't have one..."
